### Favourite Book By Blossom Wong (6A)

My favourite book is Matilda The main character of the story is a girl called Matilda. Matilda loved reading a lot but her parents did not support her. They even threw away her book. However, Matilda did not give up in learning. She loved her teacher, Miss Honey, who supported her and thought she was a genius. Later, Matilda's family needed to move to Spain, but Matilda refused. She did not want to leave her school or Miss Honey.

At last, she chose to live with Miss Honey. I like this book so much because it is my first Roald Dahl book. I also think Matilda was clever and she would never give up.

#### Games in USA By Mr Daniel Edwards

Hello Bishop Walsh! This is Daniel Edwards, and it is my first year at this school, but I already feel very welcomed here! I want to say thank you all for your kindness!

One secret about me is everyone seems to think I am from England when they first meet me, but I am from America. I want

to share some games that children play in the USA. However, since we should all stay at home if possible right now, I felt I should pick indoor games!

#### Building a fort or house:

This one is very simple to do and a lot of fun, if you like to build things. All you need are pillows, or cushions from a couch, and patience. Use strong, or firm, cushions or pillows for the bottom to hold it up, and if you have enough, you can even add a little roof to the top!

It is fun to play in with toys. You can pretend you are on an adventure in your own room!

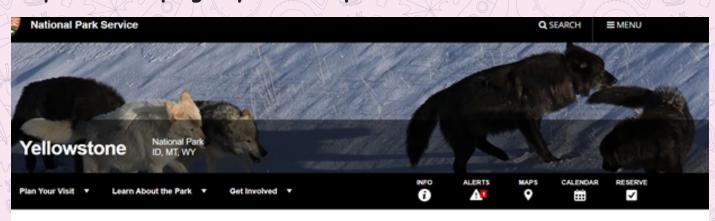

Go on a field trip, but from home!

I have loved the outdoors and animals since I was a kid! One world famous place where I am from is Yellowstone National Park. If you also love to learn about animals and outdoors things,

Yellowstone has a virtual tour that includes information about a lot of animals and 3-D models of some of the famous places from the park!

Here is the link: https://www.nps.gov/yell/learn/photosmultimedia/virtualtours.html

NPS.gov / Park Home / Learn About the Park / Photos & Multimedia / Virtual Tours

#### Virtual Tours

Ready to explore Yellowstone? You don't have to wait for your trip out here. You can start exploring now by virtually touring some of the main attractions around the park. Included with each tour is additional information about visiting in person.

#### 21 Questions:

The game starts with somebody thinking of an animal, a vegetable, or a fruit. The other players then must ask questions that allow for only a yes or no answer. If nobody

has guessed correctly after 20 questions, play one last round of guesses. Afterwards, the next person restarts the game with a new animal, vegetable, or fruit.

### My Favorite Games By Kyle Cheng (5B)

Roblox is a platform that lets you play different games such as Ninja Legend, Jailbreak, Arsenal and more. There are also adventure games, RPG games, tycoon and more. Roblox can also let you customize your

avatar. You can have accessories like wings, packages, hats and much more, but you may need robux to buy the accessories that you want. Sometimes events will be held, and you may also invite friends to explore and play different games, earn badges or explore many secrets in different games.

Fortnite is a battle-royale game. It includes many long range weapons, skins, and melee weapons, too. Sometimes Fortnite will give you some free skins or parachutes.

Also, if you level up in the game, you will get cooler stuff and you can gift or buy any skin, melee weapon, or even event things with "v bucks" which is the game currency. It might have a fun mode just for you.

# Tom and the DS

#### By Reagan Chan (5B)

Once upon a time, there was a boy called Tom. One day, he was playing on his DS as usual, trying to get to level 20 of his fighting game, his mum showed up and took his DS and ran away.

The next day, he was off from school, and he could not find it anywhere because his mum had stolen it. He decided to find it. The first day, he found it in the cupboard. The second day, he found it in a drawer. He never let his mum know.

However, his mum made a hole in a brand-new bookcase and put the DS behind it. Tom did not know and pulled the books out. His mum had scared him. He kept finding and playing his DS for the rest of the week. The whole family did not let him play his DS, though. Everyone in Tom's family was gainst him, but Tom still kept finding it. A month passed...

One day, when Tom was home from school, the DS was on the table. He played it happily. Mum said she lost. She ran out of places to hide it. Then, Tom was happy and started throwing his DS up and down. Finally, Mum took it again because she didn't like him doing that.

## My Favourite Games Uno and Monopoly

By Marcus Chu (5B)

Hello everyone, my favourite games are card games. Let me explain them to you.

These games are called UNO and Monopoly. They are best to play with families and friends. They are easy to play, too. They are easy to bring everywhere, so I like them. The game has some rules to follow. If you play UNO, you need to put the card on the table and follow the

colour on the table. If the first card is yellow, you need to put your

yellow card on the table. However, if the card is

yellow number five, and you have a green card that is number five. Then you can put it down and change the colour from yellow to green.

There are also function cards, like "reverse", "skip" and "draw" cards. Don't forget to yell "UNO" when you have your last card left.

If you play the Monopoly card game, you just need to make another player lose all of their money and you are the winner.

These are fun card games, and they are also very interesting card games. That is why I like them.

Fast-dealing, card-stealing fun!
