A nice person in my school

Thank you, Miss Wong

Miss Wong is our school librarian. She arrives at the school library at seven o'clock every morning. She starts to work at seven thirty. She puts away the books and takes care of the books. She also puts the books on the correct places of the bookshelves. She packs the new books and puts chops on them. She tidies up the library carefully. She has her lunch at twelve fifteen usually. We can go there to read books after lunch.

I would like to say 'Thank you' to Miss Wong because I think she is kind, polite and helpful. Everyday I go to the library. Miss Wong says 'Good morning' to me and helps me find the book that I want. Now I like reading very much.

Thank you, Miss Wong! I will take good care of all the books.
